Incorporated: 1742

Origin: Originally a parish of Exeter known as Brentwood Parish, in 1742 residents successfully petitioned for the right to maintain a meetinghouse and minister with public funds. About that same time, during the first year Benning Wentworth was governor, several older and overgrown New Hampshire towns were given authorization to divide into separate units. The name was probably taken from the English town of Brentwood, or "Burnt Wood," so called because of a residential community established in an accidentally or deliberately burnt clearing in the king's forest.
